

Bumblebees Class Newsletter ~ Summer Term

Dear Parents and Carers,

We are now in the Summer Term. What an exciting time! A term full of new learning opportunities, fun and hopefully lots of sunshine!

Key Dates:

Wednesday 24th April ~ swimming sessions start
W/B 20th May – Assessments week
Friday 7th June- Activities Week 'Share'
Monday 10th June- Botanical Gardens Trip
Friday 14th June- Bumblebees Class Assembly
Wednesday 27th June – Sports Day (afternoon)

Top tips for what's needed in school each week.

Everyday

- Reading book and reading journal
- Water bottle
- Lunch (if not school dinners)
- Suitable outdoor clothing- hats and sun-cream for reapplication when appropriate

Special days

- Wednesday - Swimming kits
- Thursday - PE kit

PE Changes

We will still be participating in PE on Thursday each week this term with Miss Jeffs and our focus will be athletics. On a Wednesday afternoon, we will be undertaking swimming sessions as our second session of PE for the week. This will be led by Miss Peacock with her swimming coaching skills.

Your child will need to ensure their PE kit is in school every week.

A reminder that a PE kit should include:

- A pair of trainers
- A pair of black shorts or a black pair of PE bottoms (or navy/blue)
- PE t-shirt
- PE sweater

Swimming kits should include:

- A one-piece swimming costume or swimming shorts
- A towel
- Goggles
- A swimming hat
- If possible, waterproof footwear to travel on concrete between the pool and classroom

Curriculum Learning

Here is some key information about what your children will be learning in school during the first part of Summer Term. Our theme is 'The Scented Garden'. We'll be going on walks around the local area to see what different plants we can discover. We'll also learn about the different parts of a plant and create our own 'planting and growing' action rhyme.

Our senses will help us describe and sort a range of smells and we'll make beautifully scented products. We'll look closely at a wide variety of plants, create detailed, observational drawings and press real flowers to use in collages.

At the end of our project, we will have become plant experts! We'll create a presentation about plants, share the information books that we have made and design a fantasy garden.

In English, some of the genres we will cover include writing an information book about plants, following instructions, enjoying the story of *Jack and the Beanstalk* and writing stories of our own.

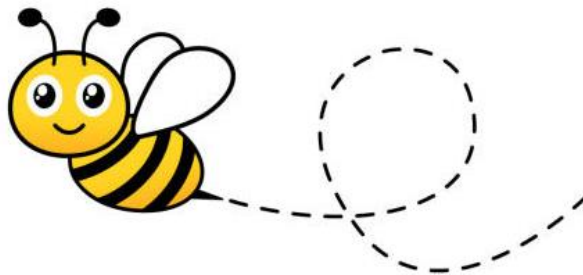

As the companion projects for this theme, we are studying science-based modules including 'What's on your wellies?', 'Can seeds grow anywhere?' and 'How does grass grow?' These will teach the children about the needs of a plant by investigating these through enquiry. Children will think scientifically and discuss these questions.

In Maths this half term, we will be looking at fractions and times tables. We will also begin to start looking at telling the time. These lessons will include lots of maths reasoning, problem-solving work and investigations.

A final note...

Other updates and special notices will continue to come to you during the term but we hope this has provided an insight of things to look forward to; please keep an eye out on Class Dojo for pictures and updates. If you need to speak to any member of the team, the best way to contact us continues to be via Class Dojo.

Thank you for your continued support,

Miss Allin and the Bumblebees' Teaching Team
